## TWO HURT WHEN AUTO LEFT ROAD SOUTH OF DIXON

KENNETH CHURCH AND HARRY  
WHEDON MET ACCIDENT  
THURSDAY EVENING

### CAR PLUNGED OVER HIGH BANK

Unfamiliarity With Bridge Over I. C.  
Railroad Cause of Bad  
Accident

Kenneth Church and Harry Whedon sustained serious injuries Thursday afternoon about 5:10 o'clock, when the large six cylinder Studebaker car they were driving plunged down the eighteen foot embankment just south of the bridge over the Illinois Central tracks on the Peoria road two and a half miles south of this city. Mr. Church suffered three fractured ribs and the left lung was penetrated by the broken bones, while Whedon sustained one broken rib, a deep gash on the right thigh and body bruises.

Whedon is employed at the J. H. Angle garage on Hennepin avenue, and in company with Kenneth Church left the garage about 5 o'clock for the south end of May township to bring back Hugh Senneff, who had delivered a new Studebaker car there to party earlier in the day. The boys had never been over the road before and were not familiar with the roadway. They were traveling along at a fair rate of speed and were not aware that the bridge over the Illinois Central tracks runs at an angle, instead of straight, and the road had been built up and was not very wide. As the big car swung across the bridge the front wheels hit the side of the roadway and slipped over the edge and it is the supposition that the momentum that they were traveling threw the car over on end and then must have turned turtle to have gotten over the fence at the foot of the hill.

Young Church when he saw the accident could not be averted, attempted to jump, but was struck in the chest by the rear wheel of the car that was torn off, his ribs being fractured. Whedon was thrown clear of the car over in the field. Both young men were rendered unconscious and Church was the first to revive. He managed to push the wheel off of him and he went over to Whedon and aroused him. Whedon told him to go and telephone to town for help. He started down the road but had not gone far when he became weak and had to sit down.

Charles Wachel noticed the accident from a distance and was the first to reach the scene and offer assistance. A physician was summoned and the boys were brought to their homes in this city.

The automobile was not as badly wrecked as one might imagine. The right rear wheel was torn off, the hood was demolished, the top broken the fender on the left side badly bent and the body slightly wrenched. Late reports this afternoon were to the effect that both of the injured young men are doing fully as well as can be expected.

### TOOK WIFE DESERTER TO CHICAGO

Officer Aiden of the detective bureau of Chicago stopped in the city over night with Stanley Mostmaski, whom he arrested near Woosung on a charge of wife abandonment. Mostmaski's family resides in Chicago and he is charged with having deserted them a few weeks ago. The officer left with his man on the 8:05 train this morning.

## Man Arrested In England Wanted In Bureau County

Henry Forentini, wanted for the murder of John Hozie, night pump man at the St. Paul mine at Cherry, who was mysteriously shot and killed in the pit on the night of March 22, is under arrest in London. He was nabbed by detectives from Scotland Yard Monday as he attempted to light from the steamer Hyadston on which he fled to elude the Pinkertons, who were hot on his trail.

The prisoner will be brought back to Bureau county to stand trial for the crime of which he is accused. Formal request has been made to the British government by the state department at Washington to have him extradited and Sheriff O. H. Skoglund or one of his deputies will start immediately for England to get the fugitive.

Remanded Until May 30.  
Upon landing at Avonmouth, England, Monday, Forentini was taken to London and arraigned in the Bow street extradition court and was remanded until May 30. By that date it is expected that the officer will arrive with the requisition papers. Forentini will be given a hearing for the purpose of ascertaining if there is sufficient evidence against him to warrant his return to this country.

States' Attorney C. N. Hollerich was in Cherry Tuesday securing the affidavits of witnesses which will be attached to the requisition. The affidavits must make out a prima facie case against the accused.

### ELECTRIC CORN POPPER IS HERE

Vaile & Duis, proprietors of the Brunswick bowling alleys have just installed an electric corn popper and peanut roaster. It is one of the latest machines on the market and is known as the Buter-Kist corn popper. On the top is a hopper holding ten pounds of corn and this is rotated automatically to the popper, and from here the corn is transferred to the butterer. The unpopped kernels are dropped down a pipe and separated from the remainder of these corn. It is strictly sanitary and the popped corn is not touched by the hands. The peanut roaster is heated by gas.

### RAISING OF F-4 IS DELAYED

Honolulu, T. H., Apr. 30.—The arduous work of weeks in the attempt to raise the submarine F-4, which is lying on the ocean bottom outside the harbor, has been undone by the rough weather of the last two days. Only one cable is left holding to the bulk. The screws used in the raising operations have anchored to prevent their drifting out to sea. On account of weather conditions, diving operations are impossible.

## DIXON OSTEOPATH IS HEAD OF ASSOCIATION

DR. TROWBRIDGE HONORED BY  
CO- PRACTITIONERS AT  
MEETING

Dr. L. R. Trowbridge of this city was Thursday elected president of Illinois District No. 2 Osteopathic Association, which met at the Nachusa Tavern in this city. The district comprises seven counties in the northern part of the state, with fifty practitioners, and there was a good representation of these at the meeting. Officers elected were Dr. A. J. Nichols of Elizabeth as vice president and Dr. Carrie Mundie of Mendota as secretary.

## FRANKLIN HIGH VS DIXON TOMORROW

LOCAL BASE BALL FANS WILL  
GET THEIR FIRST TASTE  
OF GAME

The lid will be pried off the local high school base ball season tomorrow afternoon at 3 o'clock when the Dixon high school team, which has rounded into excellent condition during the past two weeks, will meet the fast high school team from Franklin Grove at Lincoln Park. Franklin, by the way, has one of the best teams that has ever represented its school, and in the first game of the season they gave Dixon a drubbing. Naturally the local lads have not forgotten the painful surprise the defeat occasioned them, and they are determined to avenge themselves tomorrow. A good attendance of boosters is expected from Franklin Grove while Dixon high school students will be there in a bunch.

### STEEL HERE FOR NEW CROSSING

The first steel for the new overhead bridge to be built by the Northwestern road over their tracks at McRobert's crossing west of the city was unloaded at the site yesterday afternoon. It is expected work will be started next week on the concrete walls to support the structure as well as on the retaining wall to the east of the bridge along the north side of the tracks.

Thomas H. Eustace is today celebrating his 64th birthday and is enjoying very good health.

## Kauff Can Not Play With Giants Tenner's Ruling

Player Who Caused Base Ball  
Sensation Can Not  
Work At All

(Associated Press)

New York, Apr. 30.—Benny Kauff, whose appearance in the New York National league baseball team's uniform at the Polo grounds yesterday caused a baseball sensation, will not be permitted to play in the National league at the present time.

A telegram to this effect was sent to President Ward of the Brooklyn Nationals by President Tenner of the National league today. It is reported that Kauff's status as a player under contract will have to be decided from a legal standpoint before he is allowed to play anywhere.

New York, April 30.—The game between the New York Giants and the Boston Nationals was declared forfeited for a time by Umpire Quigley because James Caffney, president of the Boston club, refused to permit the team to play the Giants with Benny Kauff, crack center fielder of the Brooklyn Nationals and the Ty Cobb of the new organization in the Giants' line-up. Kauff jumped to the Giants about five minutes before the time for calling the game.

Notwithstanding that the game had been declared forfeited, play was started fifteen minutes after the time scheduled for the game.

President Tenner of the National league told Umpire Eason that Kauff should not play. He was left out of the Giants' line-up. McGraw played the game after reminding Caffney that it had been declared forfeited.

## DEPUTY U.S. MARSHAL HANKS HAS RESIGNED

OFFICIAL WHO IS WELL KNOWN  
IN DIXON QUILTS JOB  
MAY 1

Herman Hanks, of Freeport, who has been United States deputy marshal of the federal court, since 1909 has tendered his resignation to Chief Marshal John H. Bradley, the same becoming effective May 1, and W. J. Gallagher, former alderman in Rockford, has been named as his successor. No arrangement for office hours of the new deputy has been made, however, it has been stated that Mr. Gallagher will continue his residence in Rockford and will also transact the business of the court at that city.

Mr. Hanks has been an efficient employee of the government since his inauguration into the office and his many friends will regret that he will no longer act in this capacity as he was always a congenial officer and made many friends over the district while engaged at his work.

Mr. Gallagher is a well known man in this district and has held public office in Rockford for a number of years.

## BITTEN IN LEG BY DOG THIS MORNING

FRED BREMING WAS VICTIM OF  
ANIMAL AT GUPPILL  
HOME.

Fred Breming was bitten by a dog owned by John Guppill this morning at about 7:30 o'clock near the Guppill home on West Sixth street. The animal sank his teeth into the right leg just below the knee, lacerating the flesh considerably. A physician was called and the wound dressed.

Breming is employed at the cement plant and works nights and was on his way to the Frank Siebolt home on West Sixth street when the dog rushed at him. It is reported that he kicked at the dog and the animal sprang and caught him.

In the accompanying illustration is shown an English jackie, one of a landing party in the Dardanelles. He is making his way behind the ruins of a fort to keep out of the range of the Turkish marksmen, who are ready to pick him off. The forcing of the Dardanelles is one of the big moves of the war. The allies hope to reach Constantinople. It has been declared that Constantinople is the most strongly fortified port in the world.

## PRINTERS SWEAR RAIN IS NEEDED

THREE HIKERS INVESTIGATING  
CONDITIONS IN COUNTRY  
THIS NOON

If the Burrs on a certain printer's automobile had not loosened up while its owner and two fellow employees of a certain newspaper—the best in Lee county—were several miles in the country this noon there would have been no need of this effort to add a little to the history of the Fulton. But being shy of copy, if we couldn't have written this little squib, it is sure we would have had to have used the Shear (s). However, there is said to be great encouragement in that good old song, "Drill, Ye Terriers, Drill." And three city fellows, after a three mile hike, (which ought to have been a ride,) will vouch too, that the country needs rain.

## COUNTRYMAN WILL RETIRE FROM STORE

GEO. W. CONN OF WOODSTOCK  
WILL ASSUME MANAGEMENT  
TOMORROW

The management of the E. J. Countryman Co. general store will tomorrow pass from Mr. Countryman to George W. Conn of Woodstock, former superintendent of schools of McHenry and county and at one time secretary of the Illinois State Teachers' Assn. Mr. Countryman, after a short vacation, will take up his new duties as cashier of the United States Bank, succeeding H. L. Fordham, who retires to enter the real estate business.

## TAX PENALTY GOES ON AFTER SATURDAY

CO. TREASURER MOYER WILL  
KEEP OFFICE OPEN TOMORROW  
EVENING.

This has been a busy week at the office of the county treasurer at the court house in the collection of taxes. The added penalty of one percent on all unpaid taxes goes into effect May 1, but as the date falls on Saturday this year, and to give all the delinquents as much time as possible, Mr. Moyer will not add the penalty until after tomorrow. In order to give all a chance to avoid the penalty who do not find it convenient to call at the office during the day time, the office will be kept open Saturday until 9 p. m.

## AMERICAN SHIP ATTACKED FROM AIR WEDNESDAY

FREIGHTER CUSHING BOMBARD-  
ED BY GERMAN AIRMEN IN  
NORTH SEA.

### OLD GLORY NAME DISPLAYED

Huge Letters On Her Side Told Her  
Name and Nationality, Says  
the Dispatch.

### U. S. STEAMER ATTACKED

(Associated Press)  
A Rotterdam dispatch says the American freight steamer Cushing, from Philadelphia, arrived in Rotterdam and that she reports she was attacked by German airmen in the North Sea on Wednesday.

The Cushing was flying the American flag and her name was displayed on her sides in huge letters. The airmen dropped two bombs, neither of which caused any damage.

### WAR SUMMARY.

It is officially stated in Paris that German warships have been seen off the Belgian coast. Nineteen large shells have fallen on Dunkirk, twenty three persons being killed and forty being wounded. Some houses were destroyed.

### INCENDIARY SHELLS

The report continues that the French have progressed north of Ypres; that the city of Rheims has received five hundred shells, many of an incendiary nature. Several fires were started but were extinguished.

### BOMBS ON ENGLAND.

A German airship, believed to have been a Zeppelin, dropped bombs on Ipswich and Bury Saint Edmunds, England, between 12 and 1 o'clock this morning, causing several fires at the latter place. The damage was considerable and there were many narrow escapes from loss of life.

### MANY GERMANS KILLED.

A Havre newspaper says that 4000 Germans who crossed the Yperlee over a bridge were virtually annihilated by the Belgian artillery.

### ALLIES MAKE PROGRESS.

Marked progress has apparently been made by the allies in their effort to win the Dardanelles by land operations. Athens says the city of Gallipoli on the European side of the straits has been captured by the allies, and although the reports of the fighting there are of a conflicting nature, there are indications that the British have succeeded in establishing two lines across the Gallipoli peninsula on the European side of the Dardanelles.

### CUTS OFF SUPPLIES.

If this is true it would result in cutting off Turkish supplies and reinforcements from Constantinople.

### TURKS CLAIM VICTORY.

Today's Constantinople report says that the allies who landed on the Asiatic side of the straits have been entirely driven away, that a large part of the troops which invaded the Gallipoli peninsula have been driven off and that several warships and transports have been damaged.

### BERLIN MAKES CLAIMS.

Berlin claims that in the first battle at Kum Kale the Turks did not fire a shot, but repulsed the enemy by means of their bayonets, and that the Turks also captured large quantities of rifles and ammunition.

### BOMBARD SEDDUL BAHK.

Forty warships have bombarded Seddul Bard. A British correspondent telegraphs that several thousand prisoners have already been taken by the allies in the Dardanelles fighting, including many German officers, who have been sent to Malta.

### PREPARE FOR ATTACK.

The Turks are preparing for another attack on the British troops along the Suez Canal.

### TWO BOATS SUNK.

The trawler Lily Dale has been sunk by a German submarine, the crew being saved. The vessel which was sunk by a submarine off the Isle of Lewis last night was identified today as the British steamer Mobile. No lives were lost.

### COMMANDEER MEAT CARGOES.

The British government has commandeered the whole meat carrying

## Dixon Lyceum Association Was Formed Thursday Eve

At a meeting of representatives of the Y. M. C. A. and many churches of the city, held at the Y. M. C. A. on Thursday evening, the Dixon Lyceum association was formed, as a result of which the people of the community will be given an entertainment course next winter the approximate cost of which will be \$2,000. On the program will be none but the greatest of the country's platform artists.

Fifteen numbers is the tentative schedule for the course, which will be more definitely outlined before fall.

## The Co-operative Tire

Goodyear has always built co-operative tires. Every saving has gone to the user. The more men bought the better we built them, and the lower we sold them.

That is why Goodyear has held top place, outselling any other tire.

### 3 Reductions

Note that in two years we made three big price reductions. The last—on February 1st—brought the total to 45 per cent.

Yet in costly ways these tires have been bettered. In not one iota were they ever skimmed.

Our Fortified Tire is still "On-Air" cured to save blow-outs. Yet that one extra costs us \$450,000 yearly.

It still has our No-Rim-Cut feature. It has in each base 126 braided piano

wires to make the tire secure. It embodies hundreds of rubber rivets, formed to combat loose treads.

Our All-Weather tread is still double-thick. It still has the sharp, tough, resistless grips.

Those extras—all exclusive to Goodyear—are all retained, despite our price reductions. And we still spend \$100,000 yearly to discover new ways to better them.

### Your Ally

In all these ways, Goodyear is your ally. You do injustice to yourself when you fail to secure this advantage. Never in tire history was such value given as you get in Goodyear tires today.

No smaller makers can ever give so much. Any dealer will supply you. (2127)

## CISTERNS EMPTY AS RESULT OF DROUGHT

MANY DIXONITES "UP AGAINST IT" TO SECURE USABLE WATER

The month of April passing without any showers of consequence, many of the cisterns throughout the city are empty and those who do not have city water are "up against it." On many streets there are no water mains and the city commissioners are confronted by real problems in getting water to the residents along these streets. In some instances private service pipes are being laid. In cases where the city calls upon the water company to lay mains the water company by their franchise can require that a fire hydrant be put in for every 520-feet of continuous mains laid. This means an added expense to the city of \$32.50 a year for each hydrant.

The same shortage of cistern water exists all over the northern part of the state. In referring to it, the Freeport Bulletin says: "As there are a great many dry cisterns around town, the water company suggests that the cisterns be filled with city water and the water softened, in which condition it fulfills every purpose of rain water. The water company will be glad to furnish the material for softening the water and will also explain the method."

## DIXON PLAYERS ARE GIVEN THEIR RELEASE

DUFFY AND HOGAN VICTIMS OF FREEPORT MANAGER'S BIG AXE

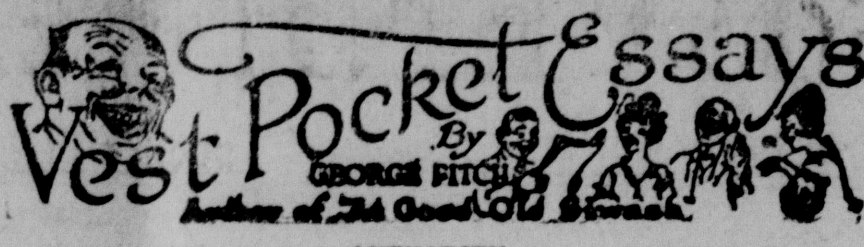

Freeport Journal-Standard: Manager Cummings, of the Freeport baseball team, has commenced the weeding out of his recruits and five of them were given their notice of being no longer desired as candidates. The men who received the jolt were Duffy and Hogan, of Dixon; Pitcher Burns of Chicago; Terge, of Milwaukee; and Davidson, of Pueblo, Colo. All of these men came to this city for a tryout, paying their expenses. However, since the training season opened they have been causing an additional punch in a meal ticket and they were divorced from it.

### BOWLING TONIGHT

At the Brunswick alleys this evening a scheduled game in the City Bowling League will be played between Salzman and Fritz teams. Fritz' team is fighting hard for first place in the league and are but one game behind the leaders.

### FINE \$3 AND COSTS.

John McElney before Magistrate W. G. Kent was fined \$3 and costs this morning on a charge of drunkenness.

Authority is the right to tell some other man what to do. It is the oldest of all rights Long before the first

man had found another man who was small enough to lick for disobedience, he had discovered that he was stronger than his wife.

Today, many men who have no one in the wide world to order around, can still go thankfully to his home and order some shrinking woman, in kindly tones, that dinner had better be ready a little earlier tomorrow, in order to preserve international peace and domestic calm.

Authority is harder to use correctly than an aeroplane. Some men are natural geniuses with authority and are able to suggest the duties of the ten thousand other men in such a manner as to make themselves the recipients of affection and gold-headed unbrilliant on anniversaries. But most men handle authority as awkwardly as they would a ball gown. The world is full of men who have been invested with the management of one or two human beings apiece, and are giving

up holidays and other pleasures for the sake of standing around and making the said human beings jump a little bit livelier.

We have few real slaves in these days, but a vast number of men who are required to make a noise like a door mat under some other man. This is a very disagreeable task, and fills the human door mats with a deep and fervent desire to rise far enough in life to acquire door mats of their own.

Authority is still necessary in this world, but it should be distributed very carefully. Some men have no more business with authority than a five-year-old boy has with his father's shot gun. There should be federal examinations in the use of authority, and the man who cannot grant an employee a chance to work for a living without keeping him perpetually reminded of the fact that he may be fired at any moment when his taste in neckties, wives or humanity doesn't suit, should be enjoined from the authority business.

About the only people in this country who do not possess authority are office holders. It should always be a comfort to the man who is being bullied by his employer to think that at any time he may go to Washington if he can save enough money, and order his congressman around.

## DIXON BOYS IN TRACK MEET

North Dixon high school students are expecting the track team of that institution to take some of the honors at the county meet being held at Amboy this afternoon, in which Amboy, Compton, Pawpaw, Franklin Grove and North Dixon are entered. Boynton and Ackert are entered in the distance races, Ackert in the dashes and Lawton in the weight contests.

**Nelson Aid**  
Mrs. George Ransom of Nelson entertained the Nelson Ladies Aid Society at her home Wednesday afternoon. Sewing, enlivened by music from the Victrola, was the order of the afternoon, and later refreshments were served. Mrs. John Emmitt will be hostess at the next meeting to be held in two weeks.

**Guest Day**  
Guest day of the City Alt. club, with Mrs. Melvin Ovarmier as hostess was a most happy event. The afternoon, spent in social chat, was brought to its culmination by a dainty luncheon served by the hostess. The next meeting will be held with Mrs. Guy Merriman.

**West Brooklyn Club**  
At Wednesday afternoon's meeting of the West Brooklyn Domestic Science club which met with Mrs. E. C. White, a very instructive as well as pleasant afternoon was spent. Mrs. Amel Henry read a paper on "The Education of Children," which contained many capital points. Mrs. A. L. Derr also read a paper. The Misses White and Dennis gave pleasure to those present with several musical numbers. Following the program Mrs. White distributed May baskets among the guests, which proved the source of much amusement, containing as they did, bits of humor and recipes. Three new members were added to the roll during the short business meeting. Mesdames Charles Bradshaw, Willis Bradshaw, Joseph Montavon and Robert Cobb, of Compton were guests of the club.

**At Lowell Park**  
Dr. and Mrs. C. E. Smith and Mr. and Mrs. Charles M. Houghton enjoyed a scramble supper last evening at Lowell park.

**Pink and White Party**  
Mrs. T. J. Gullion delightfully entertained a company of twenty-five ladies with a thimble party this afternoon in honor of her mother, Mrs. Lenore J. McNutt, of Indianapolis. The event was a pink and white party, decorations and refreshments being carried out in that color scheme, while pink rosebuds formed the favors. Various contests formed a feature of the afternoon's entertainment.

**ROYAL NEIGHBOUR DINNER**  
The Royal Neighbours will have a chicken and noodle dinner and supper Saturday, May 1st, at the Y. M. C. A. Dinner 35 cents, Supper 25 cents. 10212

**Ends Visit**  
Mrs. Bardwell Donaldson returned to her home in Hoopole Wednesday after a short visit with her sister, Mrs. Elizabeth Waters, and her niece Mrs. C. P. Reid.

**O. E. S. Parlor Club**  
The O. E. S. Parlor Club will meet in Masonic hall, Monday afternoon, May 3rd.

### SIMPLE WAY TO END DANDRUFF

Stop Falling Hair and Itching Scalp.

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve, and entirely destroy, every single sign and trace of it no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it.

**Scramble Supper**  
Thirty members and friends of the Mrs. Rowe Sunday school class of the Methodist church were entertained yesterday by Mrs. Oscar Lee Miller a most delightful hostess at her home at 469 Grove. An afternoon of great pleasure was followed by a scramble supper.

**Pink and White Showing.**  
The Hess millinery store is holding a showing of their pink and white hats for the summer today. A particularly beautiful window in feminine eyes at least, has been arranged.

**K. C. Meeting.**  
The Knights of Columbus will hold their regular meeting, in K. C. Hall Monday evening.

**Illinois Convention P. E. O.**  
Mrs. C. P. Reid and Miss Ruth Dyart returned last evening from the Illinois Grand Convention of the P. E. O., which was held in Woodhull, Ill., from Tuesday to Thursday of this week, both days included, where they went as delegates from the Dixon chapter, A. C. Illinois P. E. O. While in Woodhull they were the guests of Chapter L, which on Wednesday evening gave a reception to the visiting delegates, representing thirty-six chapters of Illinois P. E. O. officers and past presidents. Among those present was the Supreme President, Miss Prouty, from Humboldt, Ia.

Election of the state officers and the delegates to attend the Supreme Grand Convention to be held at Los Angeles in October was held. The names of the state officers as chosen follow:

President, Mrs. Eleanor E. Bailey, Macomb.  
First vice president, Mrs. Luella B. Stafford, Chicago.  
Second vice president, Mrs. Fanny Stickney, Woodhull.

Recording Secretary, Mrs. Blanch D. West, Bushnell.  
Corresponding Secretary, Mrs. Hatie Newell, Chicago.

Treasurer, Mrs. Margaret Seymour, Moline.  
Organizer, Miss Alice Willard, Galesburg.

Mrs. Ida M. Dymart of this city was chosen one of the twelve delegates to attend the Supreme Grand Convention to be held in Los Angeles this fall.

**Entertained Class**  
Mrs. Rowe's Sunday school lass was delightfully entertained yesterday afternoon at the home of Mrs. Oscar Miller in Cap Grove. The party left here over the interurban line and were met at Cap Grove by Mr. Miller with a large hay rack and transported to the Miller home. A fine supper was enjoyed and they returned to this city in the evening.

**Here from Chicago**  
Mrs. Charles Herbert and children of Chicago are here to spend the week end at the John Keyser home on Spruce street.

**At Dinner**  
Mr. and Mrs. Will Fane entertained Mr. and Mrs. Youngberg at dinner last evening.

**Phidian Art Club**  
The Phidian Art club will meet on Tuesday of next week with Mrs. Harry Warner and Mrs. Lew Edwards at the home of the former. At this meeting the election to be followed by a musical program in which Mrs. Edwards, Miss Myrtle Rice, and George Evans will take part.

The singing of Mrs. Edwards and Miss Rice is always appreciated here as they both have extraordinarily sweet voices. Mr. Evans, who is, comparatively speaking, a newcomer here, has an excellent tenor voice, which will certainly be accorded an equal amount of appreciation.

Harold Sanders is here from Chicago.

**Motor to Polo**  
Mr. and Mrs. John Vaughn and sons, Milton and Fred, and Oscar Boers, motored to Polo last evening.

**Guests at Bosworth Home**  
Mr. and Mrs. Fred Brewer of El Paso came yesterday and will be guests for the week of Mr. and Mrs. Vane C. Bosworth.

**UNKNOWN WOMAN, 80, KILLED**  
Fifty Persons Are Hurt, Many Fatally, On Electric Line.

Fremont, O., April 30.—Two cars on the Lake Shore Electric railway collided on a single track four miles east of the city killing a woman and injuring fifty persons, fifteen seriously. A woman about 80 years old, whose identity has not been established, died at a private residence in Clyde from a fractured skull. F. R. Baldwin, Toledo, was hurt internally. Physicians say he will die. Mrs. N. Delknap of Bay City, Mich., is said to be internally injured.

Both cars were east abreast in the collision. The badly wrecked persons were dragged out by those who escaped serious injury.

## SAID LIMELIGHT ON ANY MAN WOULD RESULT IN HIS RUIN

CHAIRMAN OF BROOKLYN REPUBLICAN CLUB SWEARS BARNES SAID SO

### OPPOSED DIRECT PRIMARIES

Testified Barnes Thought Primaries Gave Candidates Too Much Publicity

(Associated Press)  
Syracuse, N. Y., Apr. 30.—That Barnes opposed the direct primaries legislation on the ground that it gives too much publicity to the candidates was testified by Chairman France of the Young Republican club of Brooklyn today. He said that Barnes has told him that any man could be ruined by turning the limelight upon him.

Syracuse, N. Y., April 30.—A bomb was thrown into New York—and possibly national—politics in the Barnes-Roosevelt libel trial.

A proposal by Governor Whitman of an alliance of New York Progressives and progressive Republicans to rid the state of machine misgovernment was the coup sprung by the Roosevelt side.

Roosevelt's testimony was finally concluded at 12:15. It was the eighth day he had been on the stand and when excused he had been under examination for thirty-eight hours and fifteen minutes.

Written in February, 1914.

The Whitman letter was written in February, 1914, to Charles H. Duell Jr. of New York and was shown to Roosevelt upon his return last May from South America. Roosevelt said he "relied" upon the statements in the letter in making the attack upon Barnes, although Barnes and Murphy were not called by name in the letter.

The part of the letter admitted by Justice Andrews read:

"In line with our last talk, I believe the time is ripe for an alliance of progressive Republicans and members of the Progressive party, as well as all good citizens sharing their opinions, to rid the state of the kind of party control which, in my opinion, is mainly responsible for the corrupt conditions which have been clearly shown in the various examinations and investigations which have been held during the last year. These conditions are not localized, and the men and the policies responsible for them are not confined to any one party."

Colonel Given Ovation.

An ovation was given Roosevelt when he entered the courtroom just before court convened. The crowd clapped its hands vigorously, led by woman spectators. The colonel gave no recognition of the applause.

Root Advised Big Steel Combine.

The colonel told the jury the story of that early morning in the fall of 1907 when Judge Gary and Mr. Frick went to the White House and confided to the president that the financial security of the country was trembling on a hair and could only be saved by permitting the United Steel corporation to buy the Tennessee Coal and Iron company and save badly crippled financial concerns from going under. When he called in Mr. Root, "a greater lawyer than the attorney general," put the matter up to Root and took Root's word for it that the deal was necessary and proper stroke to break the panic. He insisted that there was nothing secret or clandestine about his conference with Judge Gary and Mr. Frick and that in fact he had instantly called in the Washington correspondents and had the action published far and wide.

Tells of Bipartisanship.

Ex-Senator George B. Agnew and Wm. Loeb, Jr., connected with the Guggenheim interests and formerly secretary to Roosevelt when governor and president, corroborated the testimony given by Col. Roosevelt, that Barnes forced Senator Grattan to vote against the race track gambling bill of 1908 and so kill it, and that bipartisan government existed because Barnes had admitted arrangement with Charles F. Murphy of Tammany Hall. Agnew went to Barnes' home in Albany to protest against Senator Grattan's change of front, and after Barnes had said nothing could be done, Agnew told Barnes that he was not a man of his word and that he, Agnew, was done with him for good and all. Mr. Loeb told the jury that he met Barnes at lunch at the banking house of J. S. Bache and Company, in New York City, and that he asked Barnes to get the republican organization to support an independent democrat for the United States senate and that Barnes said it was impossible because he had made an arrangement with Murphy not to interfere.

INVENTS NEW PLAN TO PAY

Man Makes Bogus Money to Pay His Debts, Given Short Term.

Freeport, Ill., April 30.—Theodore Drink, a blacksmith, of Dixon, Ill., who said he had begun making counterfeit money to escape the importunities of his creditors, was sentenced to fifteen months in the Federal prison at Leavenworth, Kan.

Rockford, Ill., April 28.—O. F. Barbour, a teacher in the public schools here for fifty years, and formerly president of the Illinois State Teachers' association, died here, aged eighty years.

## NEW AUTO NUMBERS ARE DUE TOMORROW

TODAY IS LAST DAY OLD NUMBERS CAN BE DISPLAYED ON AUTOMOBILES.

Today is the last day of grace to be allowed automobilists in which to have new license numbers on their cars. The numbers are supposed to have been purchased by March 1st, but on account of the factory being destroyed by fire which manufactured the plates, a sixty-day extension was granted. If for any reason the number plate has not been received although the application has been made for the same it might be well to have the application along or else leave the old number on until the new one is received. The state authorities have notified the city authorities throughout the state to act accordingly.

Tomorrow will be the first day of May and in many places it has been set aside for a general cleanup day. It might be well if such a day could be decided upon in this city as there are several of the alleys in the business district as well as the residence district together with back yards that need attention.

## ASHTON LADS HELD FOR STEALING TIRES

TWO BOYS ARRAIGNED BEFORE MAGISTRATE KENT—CASE CONTINUED.

The garage of Foster Boyd at Ashton was broken into last night about midnight and two outer casings valued at \$45 were stolen. Mr. Boyd discovered his loss on opening the garage this morning and the matter was reported to the officers, with the result that Harold Hecker and Reuben Griffith were taken in charge and brought to this city and arraigned before Magistrate W. G. Kent. The hearing was continued until Saturday at 9 a. m.

Hecker made a remark a few days ago that he knew where there were two good outer casings and that he was going to get them. After being questioned this morning regarding the missing casings he weakened and admitted taking them, but stated that he did so because young Griffith said they belonged to him. The tires were later found in the Dr. Petremeyer garage where Griffith is employed.

Griffith denies having anything to do with the theft. Magistrate Kent placed Griffith under \$200 bonds and the same were furnished, while Hecker was placed under \$500 bonds. He had been unable to furnish bonds up to press time, but his mother is expected here on the 5:10 train from Amboy and she expects to get bonds for her son.

## DIRECTORS PROVIDE FOR BUILDING SUPT

Y. M. C. A. BOARD WILL MEET TO ARRANGE FOR BAILEY'S ABSENCE.

A meeting of the board of directors of the Y. M. C. A. will be held tomorrow evening at the association rooms to talk over details as to the management of the rooms during the absence of Secretary E. T. Bailey who leaves next week to be gone for two months during which time he will do lecture work under the Redpath bureau.

It is the plan to have members of the board of directors look after the general management of the building for one week each. Physical Director Harry Major to be acting secretary and he will be at the building most of the time.

## FARMS SOLD IN WYOMING

Jesse Cole of Compton has just sold for Lee Beemer, his 200-acre farm in Wyoming township to Modest Gehant of Viola township for a consideration of \$250 per acre. Through the same agency Mr. Gehant in turn sold his 100-acre farm in Viola township to Julius Delbotal for \$21,000.

## WILL FREE ILLINOIS AREAS MAY 1

Washington, D. C., Apr. 30.—Large areas of Illinois will be freed May 1 from all restrictions of federal quarantine against the foot and mouth disease. They will be the first areas completely freed since February.

## DON'T USE SOAP ON YOUR HAIR

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain multifold coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

**Food and Water Problems both Solved by the Automatic Refrigerator**

No refrigerator on earth keeps food fresher and finer tasting than the Automatic. As a plain food-keeping machine it deserves the consideration of every careful housewife.

In addition to this—you get in the Automatic the famous "built-in" water cooler—in a class by itself—which provides an abundance of safe, cold drinking water, perfectly protected against dust, impurities and food odors.

You will be interested in seeing the Automatic, even if you aren't ready to buy.

**ALLIES ADMIT LOSSES.**  
London newspapers admit the allies suffered heavy losses in the Dardanelles.

**DUNKIRK SHELLED.**  
Berlin says the Fortress Dunkirk was shelled by German artillery and that airmen have been busy along the coast. Several houses at Ostend have been damaged.

**TOOK MANY PRISONERS.**  
The Germans claim that in fighting on the Heights of Meuse between April 24 and 26 they took 4,000 Frenchmen, including 43 officers, as prisoners.

**BASE BOMBARDED.**  
An Amsterdam dispatch says that Zeebrugge, Belgium, on the North Sea, the base of the German submarine fleet, is being heavily bombarded.

**GERMAN OFFENSIVE.**  
A general German offensive movement is under way on the Prussian border from Tilsit to the Vistula river. It is aimed at the Baltic provinces which are rich in crops.

**GERMAN FLEET OFF BELGIUM.**  
A German fleet was sighted off the coast of Belgium today. London officially denied that the German warships had bombarded Dunkirk, Paris, however, said that Dunkirk, France, yesterday received nineteen shells, and Berlin in this connection says that the Fortress of Dunkirk was shelled yesterday by the German artillery.

## CIGARETTE BURNS A VILLAGE

Hillman, Mich., Has \$100,000 Blaze, Ascribed to "Paper Pipe."

Bay City, Mich., April 30.—The village of Hillman in Montmorency county was almost destroyed by fire. The blaze started in the town hall, presumably from a lighted cigarette. Incomplete reports said the property damage would reach \$100,000.

**Germany Regards Coal Contraband.**  
Stockholm, April 30.—The Swedish government has received notification from Berlin that Germany henceforth will regard coal as unconditional contraband.

## A GOODY-GOODY TOWN.

In commenting on the election of Mrs. A. R. Canfield as mayor of Warren, the Springfield News-Record has this to say:

City political bosses will watch with fear and trembling the future of Warren, Illinois.

Warren has selected a woman as mayor, and she is threatening to make the town a model morally, physically and industrially, after she takes up the duties of office on May 1.

The new mayor—or is it mayoress—is Mrs. A. R. Canfield, and she is 75 years old. She has no patience with the frivolities of life. Her three score and fifteen years have taught her that "life is short and time is fleeting" and she insists that all must "improve each shining moment."

The youth of Warren, we are led to believe, take no stock in these old phrases. "Live while we live" is their motto. The pool hall, the moving picture show and the bowling alley are resorts where time is frittered away.

So, on these places the new head of the city will begin. She will close them. The youth are needed on the farm, she says.

She doesn't believe in public graft, so she proposes to remove from office all officials who are not earning their salaries.

Work will be the watchword in Warren, under her administration. Anybody that isn't doing something useful every moment of the day will be classed as an undesirable citizen.

Mrs. Canfield is right, of course. People do waste too much time. The philosophic Samuel Johnson discussed this fact at considerable length. He said that people ought to get up early, work late and employ all their spare moments reading. But he usually got up at noon and spent most of his spare moments eating, according to the reliable Boswell.

Before Mrs. Canfield has been mayor a year she will discover that there is a vast difference between knowing what were best done and what can be done.

Nevertheless, it is safe to predict that Warren will have a revival of industry and stricter morals.

## NO WONDER SHE LEFT HIM.

Prof. George J. Drews, doctor of many things and president of the Apyrtrophers' (unfired fooders) society, believes all physical ills are due to cooked food. But the theory he has been preaching to all Chicago failed to win his wife to his views. Mrs. Drews slipped home to her mother and there satisfied her sirlain steak appetite. Today Prof. Drews brought suit for divorce, charging desertion, and at the same time offered the following daily menu: Breakfast—Drink of water or juice of sweet herb, fruit, plain or salad; nuts, (almonds, walnuts or peanuts). Luncheon—Same as breakfast. Dinner—Drink of water or juice of sweet herb, vegetable salad (dock, dandelions, sour spinach, asparagus, etc.); relish, fruit and honey.

## LITERATURE.

I like a rattling story of whiskered buccaneers, whose ships are black and gory, who cut off people's ears. A yarn of Henry Morgan warms up my jaded heart, and makes that ancient organ feel young and brave and smart. I like detective fiction, it always hits the spot, however poor in diction, however punk in plot; I like the sleuth who follows a clew o'er hill and vale, until the victim swallows his medicine in jail. I like all stories rippling, in which some folks are killed, in which the guns go zipping and everyone is thrilled. But when I have some callers, I hode those books away, those good old soul enthrallers which make my evenings gay. I blush for them, by Jingo, and all their harmless games; I talk the high-brow lingo, and swear by Henry James. When sitting in my shanty, to "have my picture took," I hold a work by Dante, or other heavy book. But when the artist's vanished, I drop those dippy pomes, old Dante's stuff is banished—I reach for Sherlock Holmes.

## A BAD CROSSING.

At a crossing of the Illinois Central and the Peoria road south of Dixon, two young men were badly injured in an automobile accident last evening. They were probably driving much too fast, it is true, but at the same time the crossing is a bad one and very awkward. It should be made safe.

The highway commissioners of South Dixon township now have a suit before the circuit court of Lee county against the Illinois Central asking that this crossing be changed and made safer. The accident vindicates the judgment of the commissioners and shows that something should be done to lessen the danger of accident at this crossing.

The bridge is a high one and instead of being set straight with the road, it was placed at an angle differing considerably with the road and drivers of vehicles must make a rather sharp turn both approaching and leaving the bridge. It can be done with comparative safety if negotiated slowly and carefully, but is very dangerous for the driver going at a high rate of speed or for vehicles meeting on the turn.

## THE PRICE OF PEACE.

A story emanating from Washington diplomatic circles is to the effect that some time ago Great Britain and France made tentative proposals to Berlin for a truce in the present war, preparatory to discussing the terms of peace, says the Peoria Star. According to this tale, which may or may not be true, Germany replied coldly that not even a truce would be granted unless the allies paid cash for the evacuation of Belgium and made such other concessions to Germany as would indicate that she is victor in the conquest. According to the same story the allies rejected the offer and the war of course, continued.

This story is probably on a par with other tales that have come from the same source to the effect that Germany is willing to sue for peace. There is certainly no reason from a military standpoint why Germany should sue for peace at this time. The war is still being waged on the enemy's soil. The German armies are still intact and on the aggressive. These stories therefore, may be put down as the vain imaginings of the correspondents.

## CURRENT COMMENT

Lowell Courier Citizen: Canada's wheat crop last year was far below the average while ours was of the bumper variety. This year the Dominion intends to do better. How much land sown to winter wheat is not stated, but the acreage for spring sowing will be the greatest ever. "Farmers are preparing to plant on such a huge scale as never before heard of in this Dominion." The government will supply seed to farmers who cannot afford to buy, but who are willing to plant their land and reap their crops. They are all willing, as they are generally expecting to get \$1.50 if not \$2.00 a bushel for all they raise. If they get no more than \$1.50 it will mean a \$300,000,000 harvest—a cheerful estimate on a crop the greater part of which is not yet planted.

Toledo Blade: At a meeting in Cleveland of men interested in the raising and marketing of poultry and in the production and sale of eggs, the facts were brought out that Ohio leads the union in this particular industry. The Ohio eggs sold make other egg statistics look like mere trailers. The value of Ohio chickens, turkeys, ducks and geese is greater than that of which any other state can boast. Most people look upon poultry keeping as accidental source of farm income, the source from which the housewife gains an air of independence and the means to buy spring hats and summer gowns. In a way this is true—so true that Prof. F. S. Jacoby of the state university has undertaken a new mission. He wants more poultry raised in Ohio, more attention given to them, more care shown in marketing chickens and eggs. In some of the newer states of the far west, poultry raising is specialized in much more than it is in the middle west from all accounts, these chicken ranches pay. If chickens were raised upon the same large scale in Ohio and if they were held in as high importance, the returns would surely be much greater.

Villa Says Obregon Quits Carranza.  
El Paso, Texas, April 30.—Gen. Obregon has repudiated Carranza and is now leading his own party, is the report received here by Villa agents.

Some very remarkable results are being obtained by treating stomach, liver and intestinal troubles with pure vegetable oils, which exert a cleansing, soothing and purifying action upon the lower bowels, removing the obstructions of poisonous fecal matter and gases and preventing their absorption by the blood. This done, the food is allowed free passage from the stomach, fermentation ceases and stomach troubles quickly disappear.

George H. Mayr, for twenty years leading Chicago druggist, cured himself and many of his friends of stomach, liver and intestinal troubles of years' standing by this treatment, and so successful was the remedy he devised that it has since been placed in the hands of druggists all over the country, who have sold thousands of bottles.

Though absolutely harmless, the effect of the medicine is sufficient to convince any one of its remarkable effectiveness, and within 24 hours the sufferer feels like a new person. Mayr's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

**TEACH HISTORY OF WAR AS IT MOVES**

**FRENCH AUTHORITIES ARE GIVING SCHOOL CHILDREN UP-TO-DATE LESSONS**

Paris, April 17.—(Correspondence of The Associated Press) The history of the war is being taught to children of France as it goes on. By order of the minister of public instruction the schools have observed a patriotic day. Every teacher talked about the war and brought out the patriotic character of the conflict from the French standpoint. There followed a Belgian day devoted to King Albert's heroic attitude, a Serbian day, and a day consecrated to the praises of the celebrated 3-inch field gun.

Instead of distracting the minds of the children from school work, the war has been made to heighten its interest and the attendance has been normal throughout the winter. The greatest difficulty was the necessity of finding new quarters for the primary classes, most of the school houses having been utilized by the army for barracks and hospitals, but this has been overcome.

The details of instruction in matters pertaining to the war are left to the discretion of the teachers. Some of the mread and comment upon the official communiques. Others read the exploits of officers and men as disclosed by the citations in the orders of the day, and many letters sent from the front by soldiers of the vicinity are read. It is often the soldier in person who tells the little ones of his experiences, for many teachers, disabled for further service in the army, have returned to their school duties. Sometimes it is a soldier who has never been a pedagogue who relates his experiences.

**TOOK LIVE STOCK CENSUS AS USUAL**

**WAR DID NOT PREVENT GERMAN GOVERNMENT CARRYING OUT WORK**

Berlin, April 15.—(Correspondence of The Associated Press) The German Government found time, notwithstanding the war, to take the usual census of live stock about the beginning of last December. The most striking feature of the census figures which have just been published, is a gain of \$23,000, in the number of cattle over the census of December, 1913. By far the larger part of this gain, namely, 655,000 head—was made in young animals between three months and two years old. This was due undoubtedly to the prohibition at the outbreak of the war of the slaughter of calves in order better to conserve the meat supply. In calves less than three months old the gain was 165,000 head. The net results of the census of cattle was that the aggregate increased from 20,994,344 to 21,817,769 head. There was a small decrease in the number of hogs the total falling by 219,500 to 25,889,627 head. The decrease was wholly in pigs less than six months old, the number of which was reduced 611,000 head during the year. Even sheep showed a smaller reduction than usual. Last December there were 5,448,500 head, which compared with 5,529,800 at the end of 1913 and 5,803,400 at the end of 1912. From these statistics it is evident the war had made no impression up to Germany's meat supply up to the first week in December.

**GERMAN AIRMEN RAID BRITISH EAST COAST**

**French Aviators Destroy Zeppelin Dirigible Works.**

London, April 30.—Another German air raid on the east coast of England was reported this morning. Several bombs were dropped on the town of Ipswich, in Suffolk, 66 miles north-east of London shortly after midnight. Three houses were hit by the bombs and set afire, but so far as known nobody was injured.

At last reports the air craft was steering in the direction of Stowmarket, a small town about 12 miles northwest of Ipswich. It is not stated whether the craft is a Zeppelin or an aeroplane.

London, April 30.—French aviators or one airman has succeeded in reaching the Zeppelin works at Friederichshafen. It is reported in a wireless dispatch from Berlin that a French aviator dropped six bombs on the plant on Wednesday, two of which did some damage.

Geneva announces on the other hand that the French airmen have made two attacks on the works within 36 hours, destroying five airships, setting fire to several buildings and doing at least \$1,000,000 worth of damage. On their return the aeroplanes circled over Metz, dropping bombs and steel arrows. At Haltingen they wrecked the railroad station and set several buildings on fire at Lorrch.

**REPORT TURKS PUSHED BACK**

London Times Says British and French Captured 3,000.

London, April 30.—There seems to be little doubt but that the British forces which were landed on the Gallipoli peninsula from Sulva Bay at Gaba Tebeh and at Sedd El Bahr, have established a firm foothold and are gradually driving the Turkish troops before them, despite the fact that the war office at Constantinople has officially announced that the landing parties were completely crushed at all points.

The Times correspondent at Mitylene says: "Several lines of trenches between Cape Holes and Kild Bahr have been carried by assault and 1,200 prisoners were taken. The French captured 1,800 in the neighborhood of Kum Kaleh and there is severe fighting the plains of ancient Troy and the French were seen from Tenedos advancing against the entrenchments running from Thymbra to Hissarlik, hill the site of the ancient city."

**LOOKER IS FOUND GUILTY**

Hoodwinked Persons of Moderate Means Into Buying \$2,000,000 Stocks.

New York, April 30.—Pierre M. Looker, president of the Monoton Realty Investing Corporation, was found guilty by a jury in the United States district court on seven of the eight counts in the indictment charging him with using the mails to defraud.

Looker unloaded almost \$2,000,000 in worthless securities on people in moderate circumstances, persuading them that they would be able to give their children a college education from returns on their investment.

## CHAPTER XXII.

The Temple of Friendship.  
CAME over to ask Mrs. Chichester's permission for you two young ladies to go to a dance to-night. It's just across from here at the Assembly rooms," said Jerry.

"Peg beamed joyfully. It was just what she wanted to do. Ethel viewed the suggestion differently. "It's very kind of you," she said, "but it's quite impossible."

"Oh!" ejaculated Peg. "Impossible?" ejaculated Jerry. "I'm sorry," and Ethel went to the door.

"So am I," replied Jerry regretfully. "I would have given you longer notice only it was made up on the spur of the moment. Don't you think you could?"

"I don't care for dancing. Besides, my head aches."

"What a pity!" exclaimed the disappointed young man. Then he said eagerly, "Do you suppose your mother would allow Miss Margaret to go?"

"I'll ask her," and Ethel left the room.

Peg ran across, stopped the door from closing and called after Ethel: "I didn't mean to hurt you—indeed I didn't. I wanted to talk to you—that was all—and you made me angry. My head disappeared without even turning her head."

Peg came into the room ruefully and sat down on the sofa. She was thoroughly unhappy.

Jerry looked at her a moment, walked over to her and asked her, "What's the matter?"

"One of us girls has been brought up all wrong. I tried to make friends with her just now and only made her angry, as I do every one in this house whenever I open my mouth."

"Aren't you friends?"

"Indade—indeed—indeed—we're not. None of them are with me."

"What a shame!"

"Wait until you hear what me aunt says when ye ask her about the dance!"

"Don't you think she'll let you go?"

"No, I do not." She looked at him quizzically for a moment. Then she burst out laughing.

"Misther Jerry, will ye take me all the same if me aunt doesn't consent?"

"Why, Peg?"—he began astonishedly. "But I haven't got an evenin' dress. Does it matter?"

"Not in the least, but—" "Will this one do?"

"It's very charming; still—" "Stains and all?"

"My dear Peg—" "Perhaps they'll rub out. It's the prettiest one me aunt gave me, an' I put it on tonight—because I thought you—that is, some one might come here tonight. At least I hoped he would, an' ye've come!" Suddenly she broke out passionately: "Oh, ye must take me! Ye must! I haven't had a bit of pleasure since I've been here. It will be wonderful. Besides, I would not rest all night with you dancin' over there an' me a prisoner over here."

"Now, Peg"—he tried to begin.

"It's no use, I tell ye. Ye've got to take me. Are you ashamed of me because I'm ignorant? Are ye?"

"Not a bit," replied Jerry heartily. "I was just the same at your age. I used to scamp at school and shirk at college until I found myself so far behind fellows I despised that I was ashamed. Then I went after them tooth and nail until I caught them up and passed them."

"Did ye?" cried Peg eagerly. "I will, too," she said.

"Will you?"

"She nodded vigorously. "I will—indeed I will. From now on I'll do everything they tell me an' learn everything they teach me if it kills me."

"I wish you would," he said seriously. "An' when I pass everybody else an' know more than any one ever knew—will ye be very proud of me?"

"Yes, Peg. Even more than I am now."

ship," she explained. "Indeed?"

"An' it's about a girl who built a shrine an' she thought she wanted to put Friendship into it. She thought she wanted Friendship. After awhile she found out her mistake. Listen."

And Peg sang, in a pure, tremulous little voice that vibrated with life, the following:

"A temple to Friendship," said Laura enchanted, "I'll build in this garden—the thought is divine!"

Her temple was built, and she now only wanted An image of Friendship to place on the shrine.

Ethel flew to a sculptor, who set down before her A Friendship, the fairest his art could invent!

But so cold and so dull that the youthful adorer Saw plainly this was not the idol she meant.

"Oh, never," she cried, "could I think of enshrining An image whose looks are so joyless and dim. But you little god (Cupid) upon roses reclining, We'll make, if you please, sir, a Friendship-ship of him!"

"So the bargain was struck; with the little god laden She joyfully flew to her shrine in the grove. Farewell," said the sculptor; "you're not the first maiden Who came but for Friendship and took away—Love!"

She played the refrain softly after she had finished the song. Gradually the last note died away.

Jerry looked at her in amazement. "Where in the world did you learn that?"

"Me father taught it to me," replied

"Me father taught it to me," replied

"Me father taught it to me," replied

"Me father taught it to me," replied

"Me father taught it to me," replied

"Me father taught it to me," replied

"Me father taught it to me," replied

"Me father taught it to me," replied

"Me father taught it to me," replied

"Don't say that," Jerry interrupted. "Thank ye for promisin' to help me, Misther Jerry. But would ye mind very much if the bad little something had one more spurt before I killed it altogether? Would ye?"

"Why, how do you mean?"

"Take me to that dance tonight—even without me aunt's permission, will ye? I'll never forget ye for it if ye will. An' it'll be the last wrong thing I'll ever do. I'm just burnin' all over at the thought of it. My heart's burnin' for it." She suddenly hummed a waltz refrain and whirled around the room, the incarnation of childish abandonment.

Mrs. Chichester came slowly down the stairs, gazing in horror at the little bounding figure. As Peg whirled past the newest post she caught sight of her aunt. She stopped dead.

"What does this mean?" asked Mrs. Chichester angrily.

Peg sank into a chair.

Jerry shook hands with Mrs. Chichester and said:

"I want you to do something that will make the child very happy. Will you allow her to go to a dance at the Assembly rooms tonight?"

"Certainly not," replied Mrs. Chichester severely.

"I could have told ye what she'd say wurd for wurd," muttered Peg.

"I beg your pardon," said Jerry, straightening up, but at the old lady's tone.

"The invitation was also extended to your daughter, but she declined. I thought you might be pleased to give your niece a little pleasure."

"Go to a dance—unhappened?"

"My mother and sisters will be there."

"A child of her age?" said Mrs. Chichester.

"Child is it?" cried Peg vehemently. "Margaret!" and the old lady attempted to silence Peg with a gesture.

"Please let me go. I'll study me head off tomorrow if ye'll only let me dance me feet off a bit tonight. Please let me!"

The old lady raised her hand commanding Peg to stop.

"It was most kind of you to trouble to come over, Jerry, but it is quite out of the question."

Peg sprang up.

Jerry looked at her as if imploring her not to anger her aunt any further. He shook Mrs. Chichester's hand and said:

"I'm sorry. Good night."

He turned and saw Peg deliberately pointing to the pathway and indicating that he was to meet her there.

Peg, left alone, hurried over to the windows and looked out into the night. The moonlight was streaming full down the path through the trees.

In a few moments Peg went to the foot of the stairs and listened. Not hearing anything, she crept upstairs into her own little maure room, found a cloak and some slippers and a hat and just as quietly crept down again into the living room.

She just had time to hide the cloak and hat and slippers on the immense window seat when the door opened and Ethel came into the room. She walked straight to the staircase without looking at Peg and began to mount the stairs.

"Hello, Ethel!" called out Peg, all remembrance of the violent discussion gone in the excitement of the present.

"I'm studyin' for an hour. Are ye still angry with me? Won't ye say 'Good night?' Well, then, I will. Good night, Ethel, an' God bless you."

Peg's little heart beat excitedly.

The one thought that beat through her quick brain was:

"Will Jerry come back for me?"

## FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength othine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

### FAMILY THEATRE

A vaudeville bill of exceptional merit opened last evening at the Family theatre for the balance of the week, and consists of Warsaw & Jackson, acrobatic comedians, who have a good act interspersed with plenty of comedy. H. E. Herschons, Alpine singers, yodelers and instrumentalists, have a delightful program of folk songs, yodling and playing on stringed instruments. This act is different from the regular vaudeville run and is delightfully refreshing. Skipper, Kennedy and Reeves, a trio of harmony singers, rendered a number of pleasing selections in a highly satisfying manner. Pictures tonight are: Pere Goriat, a Biograph drama in two parts, and a couple of Slide order Fables, an Essanay comedy.

### THE STRAND THEATRE CO.—CHICAGO.

With the opening of Orchestra hall as a moving picture theatre on May 1, Chicago will take its place in the forefront of cities which may boast of a truly splendid and appropriate theatre for the presentation of photoplay productions. The midland metropolis will no longer appear backward in not having first grade facilities for the observation of great feature dramas. Orchestra hall has been refitted as the most attractive and artistic home of motion pictures in the United States. It is a structure of international prominence, and is the music lovers' temple dedicated to the famous Chicago Symphony Orchestra.

Simultaneously with the display of the pictures and during the intermissions there will be orchestra concerts by 25 Chicago Symphony artists with Arthur Dunham as conductor, varied by recitals on the famous Orchestra Hall pipe organ and vocal selections by a grand opera quartet and prominent soloists.

The Strand Company is an organization of Chicago business men, leaders in the enterprise being E. C. Devine, A. J. Partridge, J. S. Interrieden and E. Q. Corder. The latter who will be managing director and secretary, was formerly identified with New York amusement organizations.

Exclusive advance releases on Paramount productions and other high class photoplays will be featured. The best comedy of the week, travelogues, "Strand topics of the day" and other numbers will give variety to the bill. The opening attraction on Saturday will be "The Woman," a Lasky-Belasco production.

A permanent standard of from ten to fifty cents admission for motion pictures will be established by the Strand Theatre Company for evenings and ten to twenty-five cents for matinees. It is the purpose of the new enterprise to give a superior entertainment without advancing the price of admission.

### CLASH OVER NAMING OF FUNK

Senate Combine Opposes Confirming Bull Moose Leader.

Springfield, Ill., April 30.—Republican senators got into a lively row in caucus over the question of confirming the appointment of Frank Funk (prof.) as a member of the public utilities commission. Senator N. E. Franklin of Lexington made the fight for Funk. He opposed the plan of the special committee to confirm six of the governor's appointments, including four other members of the commission, unless Funk's nomination was confirmed also. To this Senators Richard J. Barr of Joliet, Samuel A. Ettelson of Chicago and John Dalley of Peoria, who compose the combine that has been bossing things in the senate, raised objections.

As a result of the clash the caucus agreed to postpone action on all appointments until next Tuesday.

## CLEANSSES YOUR HAIR MAKES IT BEAUTIFUL

IT BECOMES THICK, WAVY, LUSTROUS AND ALL DANDRUFF DISAPPEARS.

Surely try a "Dandarine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Dandarine and draw it carefully through your hair taking just one strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness and luxuriance.

Besides beautifying the hair, one application of Dandarine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Dandarine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating stimulating and life producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair and lots of it, if you will just get a 25 cent bottle of Knowlton's Dandarine from any drug store or toilet counter and try it as directed.

## MAN ARRESTED IN ENGLAND

Continued from Page 1

who, after a conference with Sheriff Skoglund went to Springfield Wednesday and filed a petition with Governor Dunne, asking that a request be made of Secretary Byran at Washington to arrange for the arrest and extradition of Forentini upon his arrival in England.

The capture of Forentini was announced Tuesday through a press cablegram and was later officially confirmed by the American ambassador in London, who cabled to the state department at Washington. State's Attorney Hollerich and Sheriff Skoglund will go to Springfield this morning to make the final arrangements at the state house to get possession of the prisoner. It is not believed here that Forentini will fight extradition.

### Rewards of \$600 Offered

There were rewards aggregating \$600 offered for the capture of Forentini, \$200 by the state of Illinois, \$200 by the miners' union at Cherry, and \$200 by the United Mine Workers of Illinois. The money will probably be divided among those who were instrumental in bringing about his arrest.

Fortini, who is only 18 years old is a native of Italy and it is supposed he was on his way back to his native land when he fell into the hands of the London detectives.

## CHILD IS KILLED BY HORSE

Doy, 8 Years Old, Trampled to Death After Being Kicked.

Pana, Ill., April 30.—Lee, the 8-year-old son of Mr. and Mrs. Frank Hess of Cerro Gordo, northeast of Pana, was killed in the head by a horse and then trampled to death.

The boy had been feeding his father's stock.

New Interurban Being Built.

Quincy, Ill., April 30.—The projected trolley interurban line to be known as the Chicago, Peoria & Quincy Traction system, appears to be in course of construction after several years of agitation. An engineering corps has been preparing for the grading and the latter commenced work this week in Peoria and Fulton counties.

Farmer Killed When Scaffold Falls.

Dixon, Ill., April 30.—John H. Kersten, a wealthy farmer of Ashton, was killed on his farm near that city. He climbed out on a scaffold on a new barn he was having built to examine some work when the scaffold and some of the frame work gave way, crushing Kersten.

To Have New Depot.

Mount Pulaski, Ill., April 30.—A new railway station in Mount Pulaski before Nov. 1 is assured. Illinois Central railway officials informed the state utilities commission of their intention to proceed with plans at once.

## QUESTION CLEARED UP

DIXON READERS CAN NO LONGER DOUBT THE EVIDENCE

Again and again we have read of strangers in distant towns who have been cured by this or that medicine. But Dixon's pertinent question has always been "Has any one here in Dixon been cured?" The word of a stranger living a hundred miles away may be true, but it cannot have the same weight with us as the word of our own citizens, whom we know and respect, and whose evidence we can so easily prove.

F. K. Cnare, tailor, 1204 First St., Dixon, says: "I had a dull ache in the small of my back, right across my kidneys. I had heard Doan's Kidney Pills highly recommended, so I got some at Leake Bros. Co.'s Drug Store. They removed the pains in my back and I have had no trouble since."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cnare had. Foster-Milburn Co., Props., Buffalo, N. Y.

**TAX LAWS OF ILLINOIS NOT WORTH REVISING**

That Is Expert Opinion of Chicago Grand Jury.

Chicago, April 30.—Illinois revenue laws are so bad they are not worth revising, according to a report of a special grand jury which has been investigating tax collections. In Cook county, the only uniformity in tax collection, the report asserts, is that some uniformly pay too little taxes and others uniformly pay too much.

So many instances of violation were found, it was stated, that the jury brought no indictments, but instead recommended that Governor Dunne appoint a non-partisan commission to devise a complete new system of taxation.

The grand jury cited the record of one large wholesale concern whose officers' sworn schedules of \$27,000 of personal property were filed several successive years. In the eventual adjustment of fire loss by the company \$287,000 in taxable personal property was inventoried as a partial loss. The loss in revenue to the county in this instance for three years totaled \$24,000.

**ITALY AND ALLIES IN PACT, REPORT**

Kingdom Said to Have Named Terms for Entering War.

**BASELESS, ASSERT OFFICIALS**

It is Reported That Italy Refused to Consider Taking Sides Unless Allies Would Safeguard Her Balkan and Adriatic Interests—Women Killed in Bread Riots.

Rome, April 30.—While officials of the foreign office assert that the report that Italy has reached an agreement with the allies to enter the war is baseless, it is learned that Italy has definitely informed the entente powers on what conditions she will take up arms on their side when the time comes for military action. It is generally understood here that the Italian government resolutely refused to consider such action unless formal promises were forthcoming which would safeguard her interests in the Balkans and the Adriatic after the war.

Baron Sonnino, the foreign minister, had a conference lasting three hours in the morning with M. Barrere the French ambassador. He received the Austrian ambassador in the evening and conferred with him for half an hour. It is learned from an authentic diplomatic source that the negotiations between Italy and Austria are at a standstill owing to the unacceptable nature of the territorial offers made by the Vienna government.

**Austria Thinks Italy Will Strike.**

It is evident that Austria regards the entry of Italy into the war as eminent. Large Austrian forces are now being rushed to the Italian frontier. The railroads leading into the Tyrolean salient as well as to the Venetian border are used exclusively for the transport of troops and munitions. Ordinary traffic on these lines has been suspended for three days. Troops are also being sent in great numbers to Dalmatia. Troop ships conveyed by warships are leaving Pola, the Austrian naval base, for Cattaro, which has been besieged since the beginning of the war by Montenegrins with the aid of an allied fleet. Mine sowing has been extended by the Austrians all along the east coast of the Adriatic.

A dispatch from London says a Central News dispatch from Taranto reports the concentration there of hundreds of steamers for the transport of Italian troops, probably to the Dardanelles. It is impossible to obtain confirmation of this report here. The newspapers have been prohibited from making any reference to the Italian naval or military preparations.

**Women Killed in Bread Riots.**

Further reports of the disturbances in the Trentino are coming to hand. From the village of Arco, 250 half starved women marched to Riva, at the head of Lake Garda and close to the Italian frontier, demanding bread and shouting "Down with the war!" The women are charged by gendarmes and many of them were bayoneted. Two women and a child were trampled to death.

Austrian troops were rushed to Arco and 700 soldiers wounded in the rioting there in the last few days were sent to Innsbruck as the hospital in Arco is used as a barracks. Bread riots are frequent in the entire Trentino and they have invariably been repressed with blood shed. The censorship at the frontiers is very severe and it is almost impossible to smuggle news through.

**Conditions of Intervention.**

Men who have closely followed the war situation as far as it affects this country assert that as a result of the interchange of views between Italy and the allies the following points have been agreed upon:

1. Italy will delay her entrance into the war until a concerted move can be made by all the enemies of Germany and Austria. This blow will be delivered when the war on both the eastern and western fronts has passed beyond the present trench operations.

2. The allies will make a formal agreement with Italy regarding the territorial compensation to be awarded to her for her help.

3. When the war is over Italy will become a member of the entente.
